

**\$21 Billion  
Available**

Funding invested  
in environmental  
remediation

A photograph of a modern, multi-story residential or commercial building with a light-colored facade and dark window frames. The building has several floors and a prominent corner. In the foreground, there is a street with a traffic light and a sign for "RUXTON APT".

# BROWNFIELD FUNDING AND THE IIJA

State and federal brownfield programs provide grants and technical assistance that help communities of all sizes overcome the challenges of brownfield reuse and redevelopment. Ayres' award-winning brownfield revitalization planners, engineers, and environmental scientists have decades of experience streamlining communities' paths through the process.

*Ingenuity, Integrity, and Intelligence.*

# Good to Know

These projects will remediate environmental impacts, address legacy pollution and related public health issues, create quality jobs, and advance environmental justice.

**26% of Black Americans** and **29% of Hispanic Americans** live within **3 miles** of a Superfund site.

## IIJA BROWNFIELD RESOURCES

Funding is flowing through the Infrastructure Investment and Jobs Act (IIJA). Potential financial and technical assistance resources for brownfields include:

- EPA Assessment Grants
- EPA Revolving Loan Fund
- EPA Cleanup Grants
- EPA Multipurpose Grants
